

SEWELLS SOUTH AFRICA

eSOS FINANCIAL PERFORMANCE REPORTING SYSTEM

eSOS is the Sewells online financial reporting system which affords individual dealers and OEM's access to dealer and dealer-on-dealer comparisons by benchmarking a wide range of performance measures.

A number of tools are available to the dealer/OEM to affect comparisons and find remedies for corrective actions. These include:

- "What if" functionality which allows for key input variables to be modelled to improve performance relative to actual results and benchmarks.
- Graphic dashboard analysis of the dealership and each department with benchmark comparisons.
- Dealer financial performance report providing detailed comparisons of the last three months, the reporting month and year to date results.

- Dealer analytical review report allowing twelve months to be lined up for trend review.
- On-screen displays which include a selection of twelve month trend graphs and definitions.

eSOS HAS A NUMBER OF KEY FEATURES:

The secure web enabled system minimises setup requirements. Sewells provides training to the user on how to apply the system. It is a self-help management tool.
